2018 Campaign - 19 Days of Activism for prevention of Violence Against Children and Youth 1-19 November

Dear Partners and Friends,

We are happy to share with you our annual Impact Report of the 19 Days of Activism campaign for the prevention of violence and abuse against children and youth 1-19 November 2018. It was a good year and close to 60 coalition member organizations and grassroots groups participated in the campaign. We wish to thank all registered member organizations and their partners who shared with us their programs online and results during the 19 days campaign, including the World Day for prevention of violence against children and youth - 19 November.

A special praise goes to:

1) FICE Romania (International Federation of Educational Communities-Section Romania), that mobilized close to 200'000 students in 640 schools, involving 23'000 teachers, psychologists, policemen, social workers, journalists, physicians and parents. FICE also shared the program "how to create circles of compassion" in some of the schools and communities where abuse and extreme suffering exist, which resulted in over 100 circles of compassion by children and students in schools.

It takes compassion

to end violence against children & youth
SDG Target 16.2 needs our contributions!

www.woman.ch - wdpca@wwsf.ch

A reduced version of the FICE report is published in the Impact report P. 31-39 and a full version can be consulted online at <http://19days.woman.ch/images/Global-report/2018-Global-Impact-Report.pdf>

2) The PO Drugie Foundation in Poland mobilized in 2018 262 active campaign partners and as always is a trailblazer for the end of violence and abuse against children and youth in their country. So many activities must bring a change in the way Poland treats children and youth. Congratulations to all 2018 partners!

WWSF Prize for innovative prevention activities

WWSF is happy to announce the **Amani Initiative Against Teenage Pregnancy & Early Marriage** as the recipient of the 2018 Prize for Innovative prevention activities (See P. 16). The award recognizes civil society action that spreads the mission of the 19 Days campaign, builds local networks, raises awareness and creates impact.

The SDG Target # 16.2 is our touchstone when we prepare for activities and speak to the media and government officials reminding them that their government has signed on to achieve the UN SDG Agenda 2030 in general and the **SDG Target 16.2** in particular: "End abuse, exploitation, trafficking, & all forms of violence against & torture of children."

Let's stay committed for the long haul because the world is waking up to the power of civil society and the UN Sustainable Development Goals – Agenda 2030, which we must realize for our children & grandchildren to live in a world that works for all, with no one left behind.

WWSF is grateful for the financial support received from a Geneva-based Foundation, the Commune Plan-les-Ouates of Geneva and from WWSF members and friends.

We thank all coalition partner organizations, WWSF Board of Directors, staff and consultants, interns and volunteers, for their service and compassionate dedication to produce and publish an annually up-dated campaign Kit 19 Days for everyone to use and to transform our world and ourselves.

Summary of the organization

*Youth Life Africa, a non-governmental organization in Ghana marked the World Day for Prevention of Child Abuse – 19 November in Accra with a **Call to teachers to limit corporal punishment in schools and help end violence against children.***

“Mr. Eric Dodoo, Headmaster of Ford Schools Ltd., who made the Call, shared “that although the cane was useful as a means to get pupils and students in the right direction of life, its excessive use was an abuse and violates the rights of the child...”. He concluded, “that irrespective of the limitation of the use of canes, teachers must hold school children accountable for their actions to serve as a deterrent to others.”

Mr. Dodoo shared that “**prevention of bullying** was a collective responsibility and urged Ghanaians to work together and be mindful of the importance of keeping their children safe from any form of violence...”. He added that “every child needs proper care and urged parents and society to pay more attention to what was important to the children.

Ms Mary Anoff, Executive Director of Youth Life Africa announced: “**We have a rising trend of child labour,**

child slavery, child battery and child rapes, among other violations”.

Ms Anoff called on Chiefs and the Elders to be advocates for the people to uphold the principles of responsibility for the proper growth and development of the children in society. She also appealed for the collaborative effort between the government and other agencies that would help explore innovative ways of implementing the laws on child protection. She also stressed the need for a high sense of responsibility among the public towards prevention of child abuse, especially at the time when violence against children and youth are on the rise.

Lady Esther Quaye-Kumah, President and CEO of the Peogra Women’s Health Foundation, speaking on children and the abuse of drugs, shared that according to a survey by the Narcotics Control Board, the use of drugs is on the increase. About 50’000 people are using drugs, out of which 35’000 are between the ages of 12-35 years, most of them being students and some still at the Junior High School level. Lady Quaye-Kumah also mentioned that the numbers have increased because child protection laws enforcement had always been a major challenge in the country.”

UGANDA

Amani Initiative, Arua

Recipient of the 2018 WWSF Prize for Innovative Prevention Activities

Youth Hub Africa Interview - source: <http://www.amaniinitiative.org/programmes/>

Description of the organization

“Amani Initiative is a Ugandan NGO that was established in 2011 by a group of Ugandan youths who were directly or indirectly affected by the pertinent issue of teenage pregnancy & early marriage. The organization is registered with the NGO Board under registration number 9539. Amani Initiative has been awarded by six child based organizations.”

During the 19 Days Campaign in 2018, Amani Initiative contributed to increasing awareness with their online presence by posting abuse situations and violence against children and youth in Uganda and in other countries.

“Vision

A community whereby each child has an equal opportunity to quality education and develops to full potential without the impact of teenage pregnancy and early marriage.

“Mission

To create sustainable solutions to teenage pregnancy and early marriage through the direct involvement of the community.

“Amani Initiative spearheads the fight against teenage pregnancy & early marriage through community based interventions through four strategic programs:

- Adolescent Sexual & Reproductive Health
- Child Protection
- Community Livelihoods and Youths Entrepreneurship Development
- Education

“According to the International Center for Research on Women (ICRW), 100 million girls will be married before the age of 18 in the coming decade. Uganda has a very young population, with nearly half (47%) of its people under 15 years old. The choices that these young people and their parents make will affect the country’s future for decades to come. Delaying marriage and pregnancy confer major benefits to girls and may also lead to societal benefits, such as improved health of children and faster economic growth.

“It is time for policymakers and people concerned with socioeconomic development to give greater priority to addressing teenage pregnancy & early marriage.”

Amani's 19 Days Campaign via their Facebook page contributed to raise awareness against teenage pregnancy and early marriage. (<https://www.facebook.com/www.amaniinitiative.org/>)

Day 2:- SEXUAL ABUSE

The global prevalence of child sexual abuse has been estimated at 19.7% for females and 7.9% for males. Most sexual abuse offenders are acquainted with their victims; approximately 30% are relatives of the child, most often brothers, fathers, uncles, or cousins; around 60% are other acquaintances, such as "friends" of the family, babysitters, or neighbors; strangers are the offenders in approximately 10% of child sexual abuse cases.

Many children in your schools, homes, churches, community, orphanages are continuously being sexually abused and suffering in silence.

It's important to know signs of child sexual abuse

Day 3:- Bullying in schools

Many of you have either directly experienced, seen some one being bullied or personally took part in the bullying process. Bullying in schools is one of the most harmful practices children face in schools, it also has long term negative impact to the future of the child.

You can stop bullying by deciding not to bully, guiding your children not to bully and putting a bully control measure in your school. Let's keep our schools a safe learning environment for our children.

Day 7:- Sale of Children

EVERY CHILD HAS THE RIGHT TO SURVIVAL, PROTECTION AND EDUCATION

Sale of children denies an opportunity for a child to access these rights as most cases these children are sold for labor, marriage, prostitution, or into child soldiers.

On November 7th, as part of the 19 Days of Activism campaign Amani Initiative hosted a collaborative meeting with care takers, Elders, religious leaders, and Local Council members from Nyadri Sub-County to discuss child abuse in their community.

The discussion tackled the topics as to what abuse is happening, the causes and effects, and what actions individuals can take to eradicate child abuse.

The meeting ended with a clear call to action for each individual. Many community members pledged to sensitize their families, friends, religious congregations, and villages on children's rights and how to keep their community safe for all minors.

INDIA

People's Cultural Centre (PECUC), Odisha

19 Days of Activism for Prevention of Violence against Children and Youth
 1-19 November 2018 - Brief summary of their Report

Summary of the organization

Child abuse, especially sexual abuse, is a universal and alarming problem and increased attention and efficient protection skills and prevention measures are necessary at family, local, national and international level. After a long period of silence, sexual abuse of children is being more and more denounced and becoming a public and political topic. Alerting Governments and civil society organizations to play an active role to promote and respect for the rights of the child (article 19 and 34 of the Convention on the Rights of the Child), and contribute to the prevention of child abuse, WWSF launched in 2000 the World Day for Prevention of Child Abuse, a Day to be commemorated every 19 November. Besides this specific day, the 19 days of activism campaign for prevention of abuse and violence against children and youth was started in 2010 to engage everyone.

To participate with the 19 days of activism campaign, PECUC conducted different awareness activities including children, women, youth and various Govt. Officials from 1st November to 19th November 2018 at Khordha and Keonjhar district of Odisha, including Bhubaneswar City.

The different activities included

- Meeting with children and community people at the grassroots level
- Awareness Rally
- Human Chain
- Signature campaign
- Art by Children in School & Children festival
- Play by Youth and Children
- Game by children

Meeting with Children and the Community at the grassroots level

With an objective to educate children and the community about child rights, child protection against the worst forms of child abuse and taking initiatives to prevent abuse, Meetings were conducted in 63 villages of two operational

districts of PECUC, i.e Keonjhar and Khordha involving more than 1800 participants.

It was shared that child abuse and violence against youth is a major cause of concern, which creates barriers for sound development. Adding to different forms of exploitation, exclusion issues have played a major role in damaging the childhood of millions of children. Violence against children and youth takes many forms, i.e. child labour, child trafficking, corporal punishment, sale of children, sexual abuse, child prostitution, neglect, child sex tourism, malnutrition, bullying, child pornography, harmful traditional practices, early and forced marriage, migration of children etc. Children and community groups were also informed about different laws and legislation to fight against such abuses.

Awareness raising Rallies were organized on the World Day for Prevention of Child Abuse focusing on child labour and involving children, SHG members and the community. Around 300 participants including a large number of college students, media and eminent govt. Officials, took part.

Art by Children in schools in Sisumela – Children Festival at Ekamrahat, Bhubaneswar

Marking the World Day 19 November, children focused on the theme of harmful practices at Patana block of Keonjhar district, where more than 150 children participated. and reflected on their perception of child labor and child abuse through art.

Game by children

A unique event during the campaign at Keonjhar and Khordha district with the participation of both boys and girls was to break down the discrimination between boys and girls with regards to different games.

One evening - A Call for Prevention of Child Abuse

Effective approaches to end violence are increasing. Protective skills, raising public awareness and encouraging denunciations of abuse is the need of the hour. Report received the Ombudsperson for Children, **Mis Helenca Pirnat Dragičević**

Brief description of the organization

"The institution of Ombudsman for Children of the Republic of Croatia was established in 2003 by the Ombudsman for Children Act, as a parliamentary institution and the first specialized institution of its kind in the Republic of Croatia, with the mandate to monitor, protect and promote the rights and interests of children. We work in four locations: Zagreb (headquarters) and in three regional offices in other major cities in Croatia (Osijek, Rijeka and Split). The office has a multidisciplinary team of 19 people.

Our office has access to various groups of children. We visit children placed in institutions or with natural and legal persons and other legal entities on the basis of specific regulations. We also have our Network of Young Advisors to the Ombudsman for Children (NYA). Members of the NYA actively participate with our staff in discussions in many different areas on a daily basis and during our thematic meetings. It consists of 20 members – children aged 12-18, who are advisors to the Ombudsman for Children, associates and promoters of children's rights among peers and adults."

EXCERPTS FROM THEIR PRESS RELEASE Monday, 19 November 2018

“... For yet another year, “The Smile of the Child” emphasized the sexual abuse of children, a phenomenon that constitutes an issue of Public Health and has special characteristics, most notably the fact that it is not reported.

“Since 1997 “The Smile of the Child” implements actions in order to address Violence against children in a holistic way. On a daily basis we are called upon to tackle the phenomenon of child abuse and sexual abuse. In their majority children fall victims to someone they know and trust. And it is not only about the cases that come to the spotlight of public attention, but also the personal suffering of some children that remains a secret forever. How many children remain silent? How many children do not ask for help? How many children feel ashamed to report what is happening to them? How many adults remain silent and do not report despite the fact that they know?,” said the President of the BoD of “The Smile of the Child”, Mr. Costas Yannopoulos.

During the Press Conferences, “The Smile of the Child” gave a special emphasis to **the need for prevention**. Mr. Yannopoulos noted: “The Organization has the tools, the experience and the scientific personnel who are able to talk to children on the issue of sexual abuse. It is necessary, as is highlighted in the 15 proposals that the Organization has put forth, to include sexual education in primary education.” In regards to the cooperation with the competent institutional actors, Mr. Yannopoulos mentioned that “there are always individuals in the public sector that make the difference, who handle each case with professionalism and humanity. However, we have to institutionalize specific procedures for the prevention and tackling of child sexual abuse. We are in constant cooperation with the Police, the Prosecutors, and we believe that it is a common demand of all that we move forward with an even closer cooperation for the benefit of children and that we remain continuously vigilant,” he added.

The actions of the Organization in the area of prevention, direct intervention and therapy of children victims, as well as its statistics were presented by the specialized personnel of the Organization active in the field all across the country, who pointed out however that the statistics do not reflect the reality. Cases are many more, however they are not reported.

More specifically, from 01/01/2018 to 31/10/2018:

- “The Smile of the Child” carried out interactive preventative interactions on child abuse and neglect to 11 schools and Organizations, 962 parents/guardians and 4.157 students.

- Through the European Helpline for Children and Adolescents 116111 our Psychologists provided counseling services to 3.456 children and adults.
- The National Helpline for Children SOS 1056 received 647 serious reports of child abuse related to 1.186 children that were subsequently forwarded to the competent prosecutorial authorities. Only to 0,3% of the cases (3 children) were related to cases of child sexual abuse.
- The National Helpline for Children SOS 1056 received 124 requests for sheltering of children victims of any form of violence related to 218 children of all age groups. 12 children (5,5%) were removed due to Sexual Abuse.
- “The Smile of the Child” carried out direct interventions for 178 children at immediate risk.
- 299 children live in the Homes of the Organization. 6 (2%) children are victims of sexual abuse.
- “The House of the Child” a specialized service of the Organization for the provision of therapy of children victims of any form of violence, provided support to 255 children through 4.214 hours of diagnostic and therapeutic services.

At the international level, “The Smile of the Child” joins forces with actors, agencies and institutions working against the phenomenon of child abuse through awareness raising and informational campaigns and activities. For once more “The Smile of the Child” participated in the global campaign of “19 Days of Activism Prevention Abuse and Violence against Children/Youth”. The campaign is organized by the Women's World Summit Foundation (WWSF) and brings together relevant organizations and partners from Europe, the Americas, Asia and Africa.

At the same time, “The Smile of the Child” participated in the **‘Start to Talk’ Initiative of the Council of Europe on the occasion of the European Day on the Protection of Children against Sexual Exploitation and Sexual Abuse**. This year’s campaign focused on child sexual abuse in sports and the need to break the silence around this situation.

According to the international statistics presented by “The Smile of the Child”:

- About one in five children in Europe are victims of some form of sexual violence
- 1 in 3 girls and 1 in 5 boys will be sexually abused before they reach the age of 18 globally
- Close to 300 million children aged 2-4 worldwide experience violent discipline by their caregiver on a regular basis
- 100 million children live or work in the streets facing daily discrimination, violence and exploitation.

ROMANIA

Federation of Educational Communities in Romania FICE ROMÂNIA, Bucharest

(www.ficeromania.wix.com/ficeromania)

Summary of the organization

FICE is a local NGO based in Romania whose main mission is the protection and promotion of children's rights in Romania. Since its inception in 1990, FICE continued the tradition of association with the Women's World Summit Foundation in Geneva and it's 19 Days Campaign in 2018.

FICE-Romania owns 18 district branches and counts over 7000 members, supporters, and institutions. It carries out activities that include, but not limited to, supporting children/young people and families with difficulties, publishes materials on the topics, and organizes annually national and international symposiums and conferences.

FICE Romania launched the 2018 edition of the 19 Days Campaign to Prevent Abuse and Violence on Children and Youth through an analysis of the phenomenon of violence at the level of the younger generation, an analysis that was presented and debated in the meeting **"Combating and Preventing Violence in the Romanian Educational System"**, organized by FICE

Romania in partnership with the magazine Tribuna Învăământului and in collaboration with the Association of Romanian Communes, the National Association of Parents in Pre-university Education, the Association of Directors of the General Directorates for Social Assistance and Child Protection and the National Anti-Drug Agency. The event took place on 25 October 2018 at the headquarters of the National Anti-drug Agency.

The event was attended by representatives of the Ministry of National Education, the Ministry of Internal Affairs, the Bucharest Municipality Police Office, the Bucharest School Inspectorate and several County School Inspectorates, the local public administration, the General Directorates of Social Assistance and Child Protection, pre-university education teachers, academics and scholars, parents, pupils and the media.

Following the conclusion of the protocol, the Ministry of National Education has submitted the methodological guide for the 19 Days Campaign, the campaign registration card, the visual aids for all 41 County School Inspectorates and 6 School Inspectorates of

the Bucharest City Sectors, the school inspectorates sending in their turn information and requests to participate in the campaign to all schools in the country. At both national and campaigning localities, the purpose and objectives of the campaign were presented through media (printed media, central or local TV channels, social networks - facebook, twitter). When performing the activities, both the WWSF submission kit and its own materials (posters, logos, etc.) were created during the campaign.

The topics covered throughout the 19 days of the campaign focused on sexual abuse, bullying, neglect and exploitation of children, physical abuse (corporal punishment), child prostitution and child pornography, child trafficking, harmful traditional practices (early marriage of girls in Roma communities), street children, drug addiction and dependency (addiction), juvenile justice, special attention being given to November 2, November 19 (International Day for the Prevention of Child Abuse) and November 20 (International Day of Child Rights).

The direct and indirect beneficiaries of the campaign
The direct beneficiaries are students in schools, children's clubs, placement centers and coordinating teachers.

Indirect beneficiaries are schools, parents and local communities that will have children with greater social integration capacity, more protected from the destructive phenomenon of abuse and violence of any kind.

Partners

FICE established partnerships with the Ministry of National Education, the Ministry of Labour and Social Justice, the Ministry of Internal Affairs, the National Anti-Drug Agency, The National Agency against Trafficking in Persons, the Ministry of Health, The National Authority for the Protection of Child's Rights and Adoption and The Association of Communes of Romania. This is in addition to The Education Magazine "Tribuna Învățămintului", Radio Romania, Romanian Broadcasting Society, local and regional actors as well as other institutions and NGOs.

Summary of the outcome

The 2018 campaign was attended by 193,000 pupils from 640 schools in Romania. More than 23,000 teachers, psychologists, policemen, social workers, journalists, physicians and parents also participated in the Campaign. On the 2nd of November, 2018 "circles of compassion" were created and children in communities and schools (where childhood abuse and extreme suffering exist) built "altars" dedicated to their colleagues, where they lit candles, laid pictures of the children, put flowers, letters, messages, compassionate messages for families, etc. in response to the WWSF proposal to create Circles of compassion.

Activities included

The 19 Days Campaign to prevent abuse and violence against children and young people in data, figures and images:

- Over 100 workshops, roundtables, debates, local, regional and national TV station broadcasts
- Over 6.000 direct activities with and from children in kindergartens and participating schools
- More than 500 activities carried out with parents or grandparents and relatives of children (in situations where parents are working abroad)

- More than 3000 meetings with specialists (policemen, doctors, psychologists, priests, etc.)
- Over 100 circles of compassion
- forum theater and puppet theater (puppets)

Monitoring and Evaluation Methods of the 19 Days Campaign

19 Days to Prevent Abuse and Violence against Children and Youth

The campaign team communicated with each enrolled school unit to ensure that all the features of the project were understood and that the deadlines and procedures were followed.

The link was made by phone or e-mail. Within this campaign (which we hope to be able to initiate in as many educational units), we did not intend to make evaluations based on output, out-take or outcome strategies, but rather to highlight the reactions of children both abusers and potential aggressors - in the case of bullying or passive acts of violence) and training, through co-operation and co-operation, of some proactive attitudes, denunciation of acts of violence and support for those abused, oppressed.

Partners involved nationwide in running of 19 Days Campaign

- The Ministry of National Education, Bucharest
- The Education Magazine "Tribuna Învățământului" – Bucharest
- The National Authority for the Protection of Child's Rights and Adoption, Bucharest
- The Association of Communes of Romania (AcoR), Bucharest

- The National Agency against Trafficking in Persons, Bucharest
- The National Anti-drug Agency, Bucharest

Summary of the organization

"28 Too Many" is a local British research charity, dedicating its activities towards working on ending **Female Genital Mutilation (FGM)** in Africa as well as the African diaspora in the UK. Its vision is «a world where every girl and woman is safe, healthy, and lives free from female genital mutilation». Thus, « 28 Too Many » since its foundation in 2010, conducts research and provides knowledge as well as tools to actors working to end FGM in Africa.

Summary of the report:

For the 19 Days of Activism Campaign 2018, "28 Too Many" launched a social media campaign in solidarity and support to the Kenyan campaign promoting the delinking FGM from religion, #FGMNotMyReligion. The online campaign took the form of daily posts on Twitter, Facebook and LinkedIn, highlighting FGM statistics and quotes from activists on the theme of #FGMNotMyReligion. During the Campaign 2018 campaign, a unified hashtag was used which was #19daysofactivism or #19Days. The campaign supported Kenyan activists in their work to highlight that FGM is not a religious requirement. Over 30 activists from Kenya, Nigeria, Gambia, Somalia, USA, UK, India and Guinea took part in the campaign, with a high intensity of activity during the 19 Days of November.

Every 5 minutes a child dies as a result of violence.
We all have a role to play in ending such abuse.

➡ You are invited to use this poster and this space to publish your event and move others to join you.
Share with us your plans and posters to help realize the UN **SDG Target #16.2**: « *End abuse, exploitation, trafficking and all forms of violence against and torture of children* ». Overleaf you will find the link to our 19 days campaign with 19 themes to create a world fit for children by 2030.

Organisation: Women's World Summit Foundation / Fondation Sommet Mondial des Femmes - www.woman.ch

The world is waiting for our decision and
contributions to end violence against children
and youth by 2030.

CALL TO ACTION 2018: Commemorate the World Day – 19 November

WE ENCOURAGE PARTICIPATION AND CONTRIBUTIONS TO END VIOLENCE AGAINST CHILDREN AND YOUTH in support of the realization of the UN Sustainable Development Goals - Agenda 2030. We take this opportunity of sharing with all activists working for a world fit for children our campaign poster 2018, which many partners around the world already use to announce their local programs.

In 2016, we are connecting the 19 November World Day with the UN Sustainable Development Goal **Target #16.2** *«End abuse, exploitation, trafficking, and all forms of violence against and torture of children»*, in synergy with the Universal Children's Day – 20 November to speed up local, national and international action and relevant events for better prevention of violence against children and youth.

We invite you to use the campaign poster, add your name, logo and program of action to increase transformational disruptions of the status quo. **With every 5 minutes a child dying as a result of violence around the world, we need to mobilize not only governments, but also all citizens to commit to the full implementation of children's right to dignity and non-violence.**

For those of you who are new to the 19 November World Day, please note that the Swiss Foundation WWSF inaugurated the Day in the year 2000 with endorsements from around the world, including from Kofi Annan, Paulo Sergio Pinheiro, Desmond Tutu, Her Majesty Queen Rania of Jordan, Jean Zermatten and Prof. Yang-hee Lee, both former chairs of the UN Committee on the Rights of the Child; Marta Santos Pais, Special Representative of the UN Secretary General on violence against children; Najat Maalla M'jid, former UN Special Rapporteur on the sale of children, child prostitution and child pornography, to mention some of them.

You are free to use the poster adding your program for action. We propose to use information and topics from the WWSF annual **campaign Kit "19 Days of activism for the elimination of violence against children and youth 1-19 November"**, with 19 themes and ideas for action, including for faith-based leaders and youth. You can register your participation either with WWSF via email wdpca@wwsf.ch and send us a copy of your poster and program.

In solidarity, Women's World Summit Foundation (WWSF) Geneva -Switzerland - www.woman.ch - Tel.: +41 (0) 22 738 66 19

Convener of the 19 Days campaign and the World Day for prevention of violence against children and youth 19 November

APPEL À L'ACTION 2018 : Commémorez la Journée Mondiale pour l'élimination de la violence envers les enfants et les jeunes 19 novembre

NOUS ENCOURAGEONS LA PARTICIPATION ET LES CONTRIBUTIONS POUR METTRE FIN À LA VIOLENCE ENVERS LES ENFANTS ET LES JEUNES afin d'appuyer la réalisation des Objectifs de Développement Durables (ODD) Agenda 2030. Nous profitons de cette occasion pour partager avec vous et tous les activistes travaillant pour un monde digne des enfants, notre affiche 2018.

Depuis 2016, nous liions la Journée 19 novembre avec les Objectifs de Développement Durable (ODD) **cible #16.2** *«Mettre fin aux abus, à l'exploitation, au trafic et à toutes les formes de violence et de torture contre les enfants»*, ainsi qu'avec la Journée Universelle des Enfants - 20 novembre, pour accélérer les activités locales, nationales et internationales visant à garantir l'élimination de la violence et des abus envers les enfants et les jeunes dans le monde d'ici 2030.

Nous vous invitons à utiliser l'affiche, à ajouter votre nom, logo et programme d'action sur le sujet de votre choix pour accélérer les transformations urgentes nécessaires au statu quo. **Avec un enfant qui meurt des suites de la violence toutes les cinq minutes dans le monde, nous devons non seulement mobiliser les gouvernements, mais tous les citoyens pour qu'ils respectent les droits des enfants à la dignité et à la non-violence.**

Pour ceux d'entre vous qui sont nouveaux à notre campagne, veuillez noter que la création de cette journée par la Fondation suisse WWSF a eu lieu en 2000, avec les soutiens reçus notamment de Kofi Annan, Paulo Sergio Pinheiro, Desmond Tutu et Sa Majesté la Reine Rania de Jordanie, Jean Zermatten et le professeur Yang-hee Lee, anciens présidents du Comité des droits de l'enfant des Nations Unies; Marta Santos Pais, Représentante spéciale du Secrétaire général de l'ONU contre les violences faites aux enfants; Najat Maalla M'jid, ancienne Rapporteuse spéciale de l'ONU sur la vente d'enfants, la prostitution des enfants et la pornographie mettant en scène des enfants, parmi d'autres.

Vous êtes libre d'utiliser l'affiche (sans modification de nos logos), ajouter votre logo, sponsors et programmes d'action. Nous vous proposons de sélectionner des thèmes présentés dans notre campagne annuelle "19 jours d'activisme pour l'élimination de la violence contre les enfants et les jeunes du 1 au 19 novembre" disponible en anglais à <http://19days.woman.ch/index.php/fr/>. Nous vous invitons à enregistrer votre participation par E-mail wdpca@wwsf.ch et de nous faire parvenir une copie de votre projet.
